How do I register for an account?

If you don't have an account or IP recognition yet, you can register in the upper right corner of the website.

The screenshot shows the top navigation bar with 'Home', 'Journals', 'Cart', and 'Log in / Register'. A search bar is on the left. Below it is a 'Published between' filter. A blue banner contains a welcome message. On the right, a dropdown menu titled 'Log in to my account' is open, showing fields for 'Email' and 'Password', a 'Log in' button, and checkboxes for 'Remember me' and 'Forgotten password'.

Click on 'register' and simply fill in your details.

The screenshot shows the same website header and banner as above. The dropdown menu is now titled 'Register for my account' and contains fields for 'First name', 'Last name', 'Email', 'Password', and 'Confirm password'. It also includes checkboxes for 'I accept the terms and conditions', 'You can use cookies', and 'Receive news and updates! (optional)', followed by a 'Register' button. Below the banner, there is an 'Explore by subject' section with images and labels for 'Medicine & Health' and 'Chemistry'.

Tick the boxes, then click 'Register'.

How do I change my password?

Please be aware that there are two login environments: one for the personalization account on <http://content.iospress.com> (to set up alerts and single article purchases) and for the institutional admin accounts on <http://subs.sams.ios.semcs.net/>. Here are the instructions for both:

For the institutional admin accounts:

Go to <http://subs.sams.ios.semcs.net/>

The screenshot shows the 'Account Details' page in a web browser. The browser address bar shows 'subs.sams.ios.semcs.net'. The page header includes the IOS Press and SAMS logos, and a notification that the user is logged in as 'a.engelen@iospress.nl (administrator)'. The main content area is titled 'Account Details' and contains a 'Contact Details' tab. Below the tab, there is a message: 'View or change your contact details or account information. If you would like us to change your contact details for you, or if you wish to change credentials details, please [Contact Us](#)'. A table displays account information: Organisation (Astrid Engelen), Account Type (Individual), Account ID (17999), Alternative customer ID, Legacy AMS ID, and 2nd alternative customer ID (SAMS-33). A 'Save Changes' button is at the bottom. A sidebar on the left lists menu items: Account, Account Details, Subscriptions, Credentials, Account Preferences, Reports, ICOLC, COUNTER, Access Tokens, Access Token Activation, Information, Live Sessions, Contact Us, and Help. The bottom right corner shows version information: 'Version: subs_base-4.9.3, Revision: 6fcaebaa, © Semantic 2015'.

Go to 'Credentials' in the menu on the left.

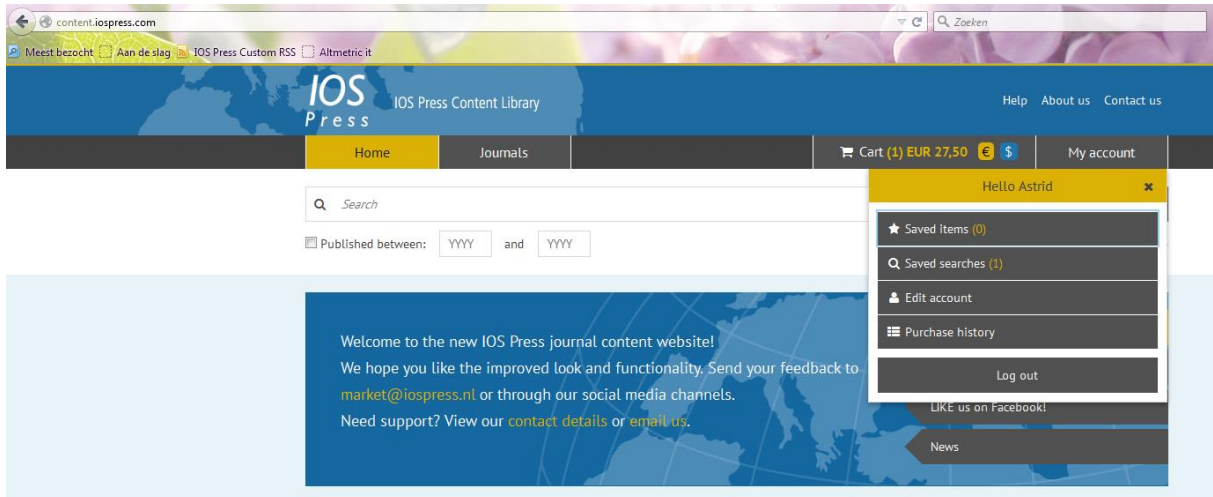

The screenshot shows the 'Credentials' page in the same web browser. The browser address bar shows 'subs.sams.ios.semcs.net/credentials.html'. The page header is identical to the previous screenshot. The main content area is titled 'Credentials' and has tabs for 'Usernames & Passwords', 'IP Ranges', 'Shibboleth', 'Referrer URLs', and 'Library Cards'. The 'Usernames & Passwords' tab is active, showing a table with columns: 'Auto Create', 'Username', 'Password', 'Groups', and 'Actions'. The 'Username' field contains 'a.engelen@iospress.nl', the 'Password' field contains '*****', and the 'Groups' dropdown menu is open, showing 'administrator', 'public', and 'ss-limited'. A 'Delete' button is visible in the 'Actions' column. An 'Add' button is at the bottom of the table. A 'Save Changes' button is at the bottom of the page. The sidebar on the left is identical to the previous screenshot. The bottom right corner shows version information: 'Version: subs_base-4.9.3, Revision: 6fcaebaa, © Semantic 2015'.

Type in your new password in the field 'Password' (it will show (not hashed), so make sure nobody can see your screen) and click 'Save Changes'.

For the personalization accounts:

Go to <http://content.iospress.com>:

Go to 'Edit account' in the menu on the top right of the screen:

Fill in your old and new password (twice) and click 'Change password'.

Why should I register for an account?

If you want to purchase content or if you want to set up personalized alerts, you need to have an account set up in order to do so.

If you don't register, you can browse our website and view all free content (see 'get pdf' icon).

How can I set up alerts?

You can search for a certain topic and then click on the blue button 'Save search'. You will be alerted automatically when new content is added in this topic.

Acid-catalyzed synthesis of zinc imidazolates and related bimetallic metal-organic framework compounds [Save](#) [Cite](#)

Authors: Schubert, David M. | Visi, Mandana Z. | Knobler, Carolyn B.

Abstract: A convenient method involving acid catalysis is described for the preparation of zinc imidazolate metal organic framework compounds of the type ZnIm₂ (Im = imidazolate,1,3-N₂ C₃ H₃) and C-substituted derivatives, including 2-Me-, 2-Et- and benzimidazolates. This method also applies to synthesis of...

You can go to 'My account' at the upper right-hand side of the site and see your saved items.

How can I see my subscriptions in the SAMS Subscriber Services?

If you have an admin account, go to <http://subs.sams.ios.semcs.net>. Click on 'Subscriptions' in the menu on the left.

The screenshot shows the 'Subscriptions' tab selected in a navigation bar. Below the navigation bar, there is a section titled 'Filter Subscriptions'. It contains four filter fields: 'Filter by site:' with a text input field containing 'Start typing a site name' and a clear button (x); 'Filter by product:' with a text input field containing 'Start typing a product name' and a clear button (x); 'Filter by type:' with a dropdown menu; and 'Filter by status:' with a dropdown menu. Below these fields is a 'Show Subscriptions' button. At the bottom of the filter section, there is a note: 'Select at least one filter and click "Show Subscriptions" to show subscriptions matching the filter parameters'.

Select a filter. If you place your cursor inside the 'Filter by site' box, your subscription will appear.

This screenshot shows the same 'Filter Subscriptions' interface as the previous one, but with the 'Filter by site' field populated with 'IOS Journals (IOS)'. The 'Show Subscriptions' button is still visible, and the instruction at the bottom remains the same: 'Select at least one filter and click "Show Subscriptions" to show subscriptions matching the filter parameters'.

Select it to check your subscription. Another option is to 'Filter by type'. You will usually have to select 'subscription'.

Then click 'Show Subscriptions'. Your subscriptions will show per year.

How can I tell to which items I have access?

If you or your institution has access to certain content, you can tell by the icon 'get pdf'. If the content is not accessible to you, you will see the icon 'add to cart'.

Evaluation of fluid warmer safety using hemorheologic analysis with outdated human blood

[Save](#) [Cite](#)

Authors: Kim, Hee Jung | Yoo, Sung Mook | Jung, Jae Ho | Kim, Tae Sik | Lee, Sung Ho | Son, Ho Sung

Abstract: Purpose: A newly developed fluid warmer (ThermoSens[®]) has a direct blood warming plate, which can result in hemolysis or red blood cell injury during heating. Therefore, to evaluate the safety of heating blood products with a fluid warmer, we conducted laboratory tests to study hemolysis and erythrocyte rheology. Methods: We used outdated human blood taken from a Korean blood bank. Packed red blood cells mixed with 100 mL isotonic saline was passed through the fluid warmer. Blood flow was achieved by either gravity or 300 mmHg pressure. Blood samples were analyzed before and after heating for hemolysis marker and erythrocyte rheology parameters. Results: The temperatures at the outlet were higher than 38°C at gravity and 300 mmHg pressure, respectively. There were no significant differences in hemolysis markers (hemoglobin, hematocrit, lactate dehydrogenase, and plasma free hemoglobin) or erythrocyte rheology (deformability, disaggregating shear stress, and aggregation index) between before and after heating ($p > 0.05$) except LDH at gravity ($p = 0.0001$). Conclusion: The ThermoSens[®] fluid warmer caused no

In the shopping cart you can choose to 'Continue to check out' or 'No, I want to continue browsing'. When you're ready to go to the check out, please click on 'Continue to check out' and follow the steps there:

- 1- Shopping cart
- 2- Enter your billing address
- 3- Confirmation – check if everything is entered properly. Tax will be added.
- 4- Enter payment details and confirm.

After confirmation you will be redirected to our payment gateway where you can finalize your transaction.

How can I subscribe to a journal or a package of journals?

Please contact us at order@iospress.nl to subscribe to a journal. You can find all of our pricing models for individual journals here: www.iospress.nl/wp-content/uploads/2015/04/2015-facts-sheet.pdf

If you want a quote for a package of journals (i.e. all journals, computer & communication sciences or medical sciences packages), contact sales@iospress.nl.

Do you offer remote access?

We're working on implementing access through Shibboleth and OpenAthens.

Access through proxy servers is possible.

I can't log in. Help!

If you have access problems you can contact us at customerservice@iospress.nl with your details (name, institution, email address associated with the account, Metapress ID, which subscription/package) so we can re-establish your access as soon as possible.

My payment is not being processed properly. Can you help?

The system will help you as much as possible: if you make a typo, for instance, the system will tell you. If it still does not work, do let us know at customerservice@iospress.nl.

Do you charge taxes?

Yes, tax is added to every purchase.

Can I set up an RSS Feed?

RSS feeds are currently unavailable.

How can I change my IP range(s)?

Please send us an email at Customerservice@iospress.nl and we'll update your IPs for you.
